

Timeless Photo Booth TO: 2026 Rental Guide

Our Philosophy

At Timeless Photo Booth TO, we believe your event deserves more than just a camera on a tripod. We provide a premium, interactive experience using professional-grade equipment, custom-designed interfaces, and high-end backdrops. Our pricing reflects our commitment to quality, reliability, and the unique "boutique" aesthetic of our wooden photo booths.

Package Tiers:

1. The Essential (2 Hours) — \$500

Perfect for intimate gatherings, birthdays, and short-duration events.

- **Includes:** Professional attendant, standard fabric backdrop, choice of 3 digital templates, and a curated prop kit.
- **The Justification:** This covers the "base logistics" of your event. Even for a shorter duration, our team performs full equipment testing, local Toronto transport, and a 60-minute professional setup/teardown. You receive the same high-end image quality as our longest packages.

2. The Signature (3 Hours) — \$750

Our most popular choice for weddings and mid-sized corporate mixers.

- **Includes:** Everything in "The Essential" plus **Unlimited Physical Prints, Custom-Designed Print Layouts, and Green Screen Integration.**
- **The Justification:** This package offers the best "Value-per-Guest." The price accounts for the increased cost of premium printing materials and the technical setup required for Green Screen (Virtual Background) technology, allowing your guests to choose from multiple digital environments.

3. The Grand (4 Hours) — \$1,000

The ultimate experience for large-scale receptions, galas, and corporate brand activations.

- **Includes:** Everything in "The Signature" plus **Full Brand Customization**, a **Premium Fabric Backdrop**, and an **Online VIP Gallery** for all guests.
- **The Justification:** This tier is designed for events with high foot traffic. It covers the operational endurance of the equipment and the staff for a full evening. It also includes "White Glove" design services, where we match your specific event branding or wedding stationery exactly.

Exclusive Features & Add-ons

Green Screen Technology — Included in Signature/Grand

- **Why it costs more elsewhere:** Many vendors charge \$150+ for this. We include it in our mid-to-high tiers because we want your event to be interactive. We use specialized software to transport your guests anywhere in the world—or out of it!

Custom Print Design — \$100 (if added to Essential)

- **Why it's worth it:** Unlike "standard" templates, our custom designs are handcrafted to match your invitation, logo, or theme colors. This ensures that every photo guest takes home is a perfectly branded souvenir of your night.

Idle Hours — \$75 per hour

- **Why we charge this:** If you need the booth set up at 5:00 PM for a 7:00 PM start (to avoid disruption during dinner), this fee covers the attendant's time and the "on-call" status of the equipment while it is not in active use.

Booking Requirements

Retainer: A 50% non-refundable retainer is required to secure your date.

Travel: Service within the GTA is included. Events outside a 40km radius may incur a modest travel fee.

Thank you
